Anglo Eastern Maritime Academy,
Karjat,

This is to confirm that, I have been briefed about the Safety & Security risks and the requirements inside and outside the campus.

I have particularly been advised:

- not to go close to any water body (river, lake or reservoir) due to risk of drowning, mountains, waterfalls and dense forest areas. These places are infested with poisonous snakes and scorpions.
- risks with poor condition of roads and local transport.
- to be well behaved with locals during shore leave and be aware of harmful effects of roadside food and beverages.
- precautions to be observed during local train travel.

I have been given AEMA General Orders and Discipline rules at the time of joining and hereby declare that we will follow these rules strictly.

I have understood:

- the dangers associated with the lake inside campus and will not enter in lake water anytime.
- swimming pool instructions and will only use swimming pool with permission, under supervision of authorized Instructor.
- snakes and scorpion hazards and will not wander around in campus without shoes.
- the slip hazard during rainy season and been advised not to run on slippery surfaces.
